

Available for rent to
non-profit organizations

THE ATWOOD MANSION,
built in 1968, was the home of many lively parties and social gatherings over the years. Bob and Evangeline Atwood would frequently entertain traveling dignitaries including US Secretaries of State, four star generals, and international journalists. The Atwood Foundation Board would like to rekindle some of that energy and now offers the house to non-profit organizations for their fundraising activities. This Anchorage showpiece offers an intimate and unique setting for any event.
